

CHRISTOPHER HILLMAN
VALUES IN ACTION

As partner, Christopher Hillman brings over 18 years' experience which includes residential, commercial, healthcare, education, and industrial structures and encompassed the full breadth of building design and construction. He is a licensed professional engineer in Texas and maintains professional registration in several other states.

Prior to opening his own firm in 2012, Mr. Hillman performed structural design for projects across the United States and abroad. Now as owner of his own firm, Mr. Hillman continues to be a progressive presence in the market where hurricane resistant design is needed. To that end, Mr. Hillman established the Building Code Compliance Association to promote code compliance in the current standard of care.
