A FEW PAST PROJECTS

JON STANDLEY
VALUES IN ACTION

Known as the Guru of West Campus, Mr. Jon Standley is used to tackling some of the most challenging obstacles in multi-family, student housing and mixed-use dwellings. His genuine desire to be of service, and 30+ years of experience make him a strong advocate for his clients and a dedicated steward of their budget.

Jon's relationships with local architects, engineers, investors, developers, subcontractors, suppliers, equipment vendors, and consultants of all types, provides a superior ability to manage projects proactively in order to avoid costly delays.

Leading our vertical construction team works, Jon works hand in hand with our client's design team to provide dynamic solutions. His unique, proactive, and collaborative approach streamlines the production process, and enhances the end result: an efficient, profitable, and sustainable product.
